

## **Founders' Day Friday 27th May 2011**

The party to celebrate the actual anniversary of the Club's opening was a great success and around 60 people attended the event. The evening started with drinks and canapes from 7.30pm and Andy Callus read some extracts of the club's history and memorable times. The photograph of the Club's opening was reinstated in the clubhouse, along with a stunning photograph of players in action taken by one of our ex-members who has sadly moved away from the area. This photograph has featured in exhibitions and the club is very grateful to have been given a copy.
